

## Objective progression in PSHE

### EYFS

#### Themes:

Friends and Family  
Feelings  
We're all special  
Healthy Living  
Staying Safe  
Our World

### **Objectives:**

#### **0-3 years:**

Find ways to calm themselves, through being calmed and comforted by their key person. Establish their sense of self. Express preferences and decisions. They also try new things and start establishing their autonomy.  
Engage with others through gestures, gaze and talk.  
Use that engagement to achieve a goal. For example, gesture towards their cup to say they want a drink.  
Find ways of managing transitions, for example from their parent to their key person.  
Thrive as they develop self-assurance.  
Look back as they crawl or walk away from their key person. Look for clues about how to respond to something interesting.  
Play with increasing confidence on their own and with other children, because they know their key person is nearby and available.

Feel confident when taken out around the local neighbourhood and enjoy exploring new places with their key person.  
Feel strong enough to express a range of emotions.  
Grow in independence, rejecting help ("me do it"). Sometimes this leads to feelings of frustration and tantrums.  
Begin to show 'effortful control'. For example, waiting for a turn and resisting the strong impulse to grab what they want or push their way to the front.  
Be increasingly able to talk about and manage their emotions.  
Notice and ask questions about differences, such as skin colour, types of hair, gender, special needs and disabilities, religion and so on.  
Develop friendships with other children.  
Safely explore emotions beyond their normal range through play and stories.  
Talk about their feelings in more elaborated ways: "I'm sad because..." or "I love it when ...".  
Learn to use the toilet with help, and then independently.

**3-4 year olds:**

Select and use activities and resources, with help when needed. This helps them to achieve a goal they have chosen, or one which is suggested to them.

Develop their sense of responsibility and membership of a community.

Become more outgoing with unfamiliar people, in the safe context of their setting.

Show more confidence in new social situations.

Play with one or more other children, extending and elaborating play ideas.

Find solutions to conflicts and rivalries. For example, accepting that not everyone can be Spider-Man in the game, and suggesting other ideas.

Increasingly follow rules, understanding why they are important.

Remember rules without needing an adult to remind them.

Develop appropriate ways of being assertive.

Talk with others to solve conflicts.

Talk about their feelings using words like 'happy', 'sad', 'angry' or 'worried'.

Understand gradually how others might be feeling.

**Reception :**

See themselves as a valuable individual.

Build constructive and respectful relationships.

Express their feelings and consider the feelings of others.

Show resilience and perseverance in the face of challenge.

Identify and moderate their own feelings socially and emotionally.

Think about the perspectives of others.

Manage their own needs - personal hygiene

Know and talk about the different factors that support their overall health and wellbeing:

- regular physical activity
- healthy eating
- toothbrushing
- sensible amounts of 'screen time'
- having a good sleep routine
- being a safe pedestrian

**ELG:**

**Self-Regulation**

Children at the expected level of development will:

- Show an understanding of their own feelings and those of others, and begin to regulate their behaviour accordingly;
- Set and work towards simple goals, being able to wait for what they want and control their immediate impulses when appropriate;
- Give focused attention to what the teacher says, responding appropriately even when engaged in activity, and show an ability to follow instructions involving several ideas or actions.

**Managing Self**

Children at the expected level of development will:

- Be confident to try new activities and show independence, resilience and perseverance in the face of challenge;
- Explain the reasons for rules, know right from wrong and try to behave accordingly;
- Manage their own basic hygiene and personal needs, including dressing, going to the toilet and understanding the importance of healthy food choices.

**Building Relationships**

Children at the expected level of development will:

- Work and play cooperatively and take turns with others;
- Form positive attachments to adults and friendships with peers;
- Show sensitivity to their own and to others' needs.

## By the end of primary school (KS1/KS2):

Themes:

Family and Relationships

Health and wellbeing

Safety and the changing body

Citizenship

Economic wellbeing

Identity (Yr6 only)

Objectives:

### **Relationships Education**

#### **Families and people who care for me**

Pupils should know

- that families are important for children growing up because they can give love, security and stability.
- the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives.
- that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care.
- that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up.
- that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong.
- how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.

#### **Caring friendships**

Pupils should know

- how important friendships are in making us feel happy and secure, and how people choose and make friends.
- the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties.
- that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded.
- that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right.
- how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed.

## Respectful relationships

Pupils should know

- the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs.
- practical steps they can take in a range of different contexts to improve or support respectful relationships.
- the conventions of courtesy and manners.
- the importance of self-respect and how this links to their own happiness.
- that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority.
- about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help.
- what a stereotype is, and how stereotypes can be unfair, negative or destructive.
- the importance of permission-seeking and giving in relationships with friends, peers and adults.

## Online relationships

Pupils should know

- that people sometimes behave differently online, including by pretending to be someone they are not.
- that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous.
- the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them.
- how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met.
- how information and data is shared and used online.

## Being safe

Pupils should know

- what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context).
- about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe.
- that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact.
- how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know.
- how to recognise and report feelings of being unsafe or feeling bad about any adult.
- how to ask for advice or help for themselves or others, and to keep trying until they are heard.
- how to report concerns or abuse, and the vocabulary and confidence needed to do so.
- where to get advice e.g. family, school and/or other sources.

## **Physical health and mental wellbeing**

### **Mental wellbeing**

Pupils should know

- that mental wellbeing is a normal part of daily life, in the same way as physical health.
- that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations.
- how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings.
- how to judge whether what they are feeling and how they are behaving is appropriate and proportionate.
- the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental wellbeing and happiness.
- simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests.
- isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.
- that bullying (including cyberbullying) has a negative and often lasting impact on mental wellbeing.
- where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental wellbeing or ability to control their emotions (including issues arising online).
- it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.

### **Internet safety and harms**

Pupils should know

- that for most people the internet is an integral part of life and has many benefits.
- about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing.
- how to consider the effect of their online actions on others and know how to recognise and display respectful behaviour online and the importance of keeping personal information private.
- why social media, some computer games and online gaming, for example, are age restricted.
- that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health.
- how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted.
- where and how to report concerns and get support with issues online.

## **Physical health and fitness**

Pupils should know

- the characteristics and mental and physical benefits of an active lifestyle.
- the importance of building regular exercise into daily and weekly routines and how to achieve this; for example walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise.
- the risks associated with an inactive lifestyle (including obesity).
- how and when to seek support including which adults to speak to in school if they are worried about their health. Healthy eating Pupils should know • what constitutes a healthy diet (including understanding calories and other nutritional content).
- the principles of planning and preparing a range of healthy meals.
- the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health).

## **Drugs, alcohol and tobacco**

Pupils should know

- the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking.

## **Health and prevention**

Pupils should know

- how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body.
- about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer.
- the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn.
- about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist.
- about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing.
- the facts and science relating to allergies, immunisation and vaccination.

## **Basic first aid**

Pupils should know:

- how to make a clear and efficient call to emergency services if necessary.
- concepts of basic first-aid, for example dealing with common injuries, including head injuries.

## **Changing adolescent body**

Pupils should know:

- key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes.
- about menstrual wellbeing including the key facts about the menstrual cycle.
