Funding Plan Academic Year 2022-23

What is PE Premium Funding?

Overview of School PE Premium 22-23

Financial year 2022 to 2023

Allocations for the academic year 2022 to 2023 are calculated using the number of pupils in years 1 to 6, as recorded in the January 2022 census, as follows:

- schools with 17 or more pupils receive £16,000 plus £10 per pupil
- schools with 16 or fewer pupils receive £1,000 per pupil

How we use the PE and sport premium

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that you should use the premium to:

- develop or add to the PE and sport activities that your school already offers
- make improvements now that will benefit pupils joining the school in future years

For example, schools could use their funding to:

- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and [Change4Life](#) clubs
- run sport competitions
- increase pupils' participation in the [School Games](#)
